

The story of our seal has a very spiritual meaning. The eagle surrounds us and represents the spirit of our ancestors. The alligator represents strength and dominance of our tribe. Mother Earth is represented by the trees and water and the fish that, of course, gave us food and life. The sky represents eternity. We have a seal to show the pride of our tribe and to pass on to our generations to come.

Drawn by Council Chief Clement Lagouarde aka Buffalo Moon on an idea by Council Chief Thelma Litteken.
